Mission

Incorporated in 1979, the **Putnam/Northern Westchester Women's Resource Center** is a non-profit organization established to provide advocacy, education and services to the community in order to create a safe, supportive environment that eliminates violence against women, men, and children, and promotes gender equality.

Currently our center serves approximately 2,000 women, men, and children annually through our shelter, the 24-hour hotline, and non-residential counseling and advocacy.

Volunteer Program

Our volunteer program is the fabric of our center; with the support of our volunteers we are able to provide the necessary services to our clients that support their needs.

- ◆ Volunteers receive professional training, in-service workshops, and staff supervision.
- ◆ Our program requires that interested adult volunteers be over the age of 18 to be trained to work with our staff and clients.
- ◆ We encourage volunteer participation for young adults who are 14 years of age or older.
- ◆ Our agency offers a number of community service opportunities.
